Thank you! I'm working on incorporating everyone's comments and have a few thoughts of my own to add.

I started this but I don't have the energy to finish today. Feel free to take a look at my comments today, but I'm planning to return to it tomorrow. I do think there are a few additional citations we need if you want to start tracking those down (or pass this task along to whomever provided the comment).

Hello all,
Here is a draft letter to the Navy regarding the hull cleaning of the ex-Independence. Your review and comments are greatly appreciated. Leah and I are working with Peter to figure out who the signatory is and associated Navy addressee.
Tara
